THE CEO & OWNER

Meet Raquel Stubblefield—the creative dynamo with sky-high dreams! This proud graphic designer and business owner brings over a decade of graphic design experience to the table.

In 2023, Raquel took a bold leap, leaving her corporate graphic design job at a real estate state association to dive headfirst into the exciting world of entrepreneurship. Raquel's unstoppable go-getter spirit means she's always ready to tackle new challenges and master new skills.

When she's not whipping up stunning designs, you might catch her organizing her space, enjoying quality time with her family, or soaking up knowledge from podcasts and audiobooks.

THE MISSION & CORE VALUES

Stubblefield Design & Creative's mission is to positively impact real estate professionals and businesses through graphic design services. Our core values—Integrity, Meaningfulness, Positivity, Ambition, Creativity, and Truth (I.M.P.A.C.T.)—are at the heart of everything we do. These values shine through in every project we take on, ensuring you get designs that not only look amazing but also resonate deeply.
